MEMORANDUM

To: Mayor Ken Wright and City Council Members

From: Warren A. Hutmacher, City Manager

Date: December 24, 2008

Subject: FY 2009 Budget

It is my pleasure to submit to you the first budget for the City of Dunwoody. It is awe inspiring to consider the thousands of dedicated citizens and business leaders who spent countless hours working passionately to create the great City of Dunwoody since the 1970's when incorporation was first proposed in the Georgia General Assembly. All of the blood, sweat and tears have culminated in the incorporation of the newest city in Georgia – the City of Dunwoody.

Given the monumental struggle for local control this community has overcome for the past 30+ years, it is humbling to serve as your City Manager. I look forward to presenting many budgets to you over the coming years and each of those budgets will build upon a commitment to superior service and fiscal responsibility. Dunwoody is a premier community and our future depends on our financial stability.

The Fiscal Year 2009 (January 1, 2009 – December 31, 2009) budget is a challenging budget for two reasons: (1) The economic downturn nationally, regionally and locally has destabilized traditionally rich revenue sources for local governments; which limits our ability to deliver high quality services at a high cost factor, and (2) There is no history for the City of Dunwoody and therefore, a number of assumptions and well laid out plans are in place in this budget. We will need to monitor revenue collections and expenses more carefully than at any point in our future.

With all of that said, the Fiscal Year 2009 Budget collects enough revenue to support a high level of city services without any increase to the previously conceived millage rate of 2.74 mills. This rate ensures that our taxpayers pay no more to the City of Dunwoody then they have historically been paying to DeKalb County through the County's unincorporated special services tax rate. Property taxes, franchise fees and business license revenue make up 70% of our total revenue. I will be monitoring all revenue sources throughout the year to make sure we are hitting our projections, but it will be crucial for the City of Dunwoody to collect every dollar legitimately owed to the City in these top three categories to guarantee that we will have ample revenue to deliver the best municipal services to our community.

The City will be utilizing Tax Anticipation Note (TAN) financing in FY 2009 to level out cash flow problems that any new incorporated city would experience. We are estimating that the TAN will be approximately \$6,000,000 and will only used on a "draw" basis to make certain that we are only paying interest on funds that we vitally need for cash flow purposes.

On the expense side, the City is prepared to deliver services on January 1, 2009 through an innovative set of partnerships with three private sector firms who will provide the City of Dunwoody with Community Development (Clark Patterson Lee), Public Works (Lowe Engineers) and Finance and Administration (Calvin, Giordano and Associates) services. All of our critical staff is in place and our citizens and business owners will not only see not drop in service delivery, but they will witness a dynamic and dedicated process of delivering high quality and response city services. Early projections prior to incorporation projected service delivery costs well above the costs that we are now contracted to spend. This cost savings, in my opinion, is due to this innovative approach of using several vendors to provide services instead of using one company to manage city operations. I think that in time, this model of service delivery will prove to be effective and cost efficient.

DeKalb County will continue to provide our community with water and sewer supply, treatment and distribution services, fire and rescue, sanitation, and E-911 services for the foreseeable future. The County will also provide Police services for a ninety day period, during such time the City of Dunwoody will be preparing to go "live" with police protection starting April 1, 2009. An intergovernmental agreement is in place that will compensate the County \$430,000 per month for this service.

Fiscal Year 2009 will be an exciting year. Over the coming days, the City will add a Finance Director, City Clerk and Municipal Court Clerk. A City Hall will be chosen and built out for occupancy on June 1, 2009 and a new Police Station will be built out for occupancy on March 15, 2009. The City will be recruiting an army of volunteers to fill various boards and commissions that will regulate land development and provide the elected officials with advise, counsel and recommendations. A comprehensive plan will be developed this year that will afford the community the opportunity to create the road map for our future. Roads will be paved, potholes fixed, curbs repaired and signals timed properly. Our parks will be clean and safe and our citizens, visitors and business owners will be treated like family. The new City of Dunwoody will not be a replica of what has been done in the past, but instead we will be an innovative, transparent and dynamic local government, where billions of dollars in commerce are transacted and families live a charmed life in a beautiful community.

In the final analysis, the City will take in approximately \$15,000,000 in revenue and expend nearly \$14,000,000 over the course of this year. Including a \$500,000 contingency fund in the Non-Departmental budget, the City intends to transfer \$1,500,000 to fund balance reserves for FY 2010 and beyond. This is a great start toward a fiscally stable future for the City of Dunwoody.

I am eager for January 1, 2009 to arrive so that we can begin to live the dream of residing in the City of Dunwoody. I am excited to work with all of you to bring your vision and your goals for our great community to life.

COMMUNITY DEVELOPMENT

FY 2009 Budget Request:

\$1,900,500

Percentage of Budget: 14%

Departmental Budget Description:

The Community Development Department is responsible for the administration of all land use, zoning and building regulations for the City of Dunwoody. Additionally, the Community Development Department is responsible for Code Compliance (municipal code enforcement).

New Positions Requested: None

- Comprehensive Plan: Total cost of \$100,000. This is a State of Georgia
 mandated planning process to achieve qualified local government status. The
 Comprehensive Plan is also the key planning document for the City to assist the
 City with long range land use and operational planning. This process is heavy on
 community involvement and is truly a community based planning effort.
- Outsourcing: Through a competitive bid process, the City hired Clark
 Patterson Lee to staff the Community Development Department and provide for
 Geographic Information Systems services.

POLICE

FY 2009 Budget Request:

\$5,731,804

• Percentage of Budget: 41%

Departmental Budget Description:

The Police Department provides a full range of public safety services to protect and serve the City of Dunwoody. The FY 2009 Budget contains a number of one time expense items to provide the Department with all of the equipment and vehicles necessary to run a first class Police Department.

Positions Requested:

48

- 1. <u>Vehicles:</u> Total cost of approximately \$1,250,000 to be financed over a 5 year period. First year cost is approximately \$250,000. These vehicles will encompass the entire fleet for the City and each sworn officer will be provided a take home vehicle. The purpose of the take home program is to assist the department in recruiting the best personnel and take home programs have been proven over time to extend the life of vehicles.
- Records Management System: Total cost of approximately \$150,000 to be financed over a 3 year period. First year cost is approximately \$50,000. This records management system will automate the ticketing and records management system for the Police Department. The ultimate benefit of this

- software package is the ability for officers to remain on the road instead of spending time at the Police Station filling out necessary paperwork.
- 3. <u>Intergovernmental Agreement with DeKalb County:</u> Total cost of approximately \$1,290,000 to be paid in monthly installments of \$430,000 for police services during the transition period while the City of Dunwoody prepares to stand up a Police Department on April 1, 2009.
- 4. Rent: The Police Department will be paying approximately \$180,000 in rent for appropriate office space for the Department.
- 5. Recruitment Costs: The City has budgeted \$60,000 to pay for the costs of recruiting, testing and conducting background checks on the hundreds of candidates the City will consider to fill the 48 positions in the Department.
- 6. <u>First Time Costs:</u> The City will spend approximately \$1,800,000 in one time expenditures to prepare to begin providing police services on April1, 2009. There should be a significant drop in expenses in FY 2010 for this Department.

Departmental Summary Sheet

PUBLIC WORKS

FY 2009 Budget Request:

\$1,889,889

Percentage of Budget: 14%

Departmental Budget Description:

The Public Works Department is responsible for the maintenance and improvements of the road and sidewalk networks, the maintenance and operation of city parks and right of ways and the operation and maintenance of the storm water collection system.

Positions Requested:

None

- Infrastructure Improvements: Approximately \$1,100,000 is anticipated to be spent on the maintenance and improvements of the city's infrastructure. Repairs to sidewalks, potholes, curbs and traffic signals are planned and funded in this budget. Additionally, \$300,000 is set aside for future capital improvement projects.
- 2. <u>Storm Water Utility Setup:</u> The City will be engaging in the process of setting up a storm water utility in FY 2009. The FY 2010 budget will separately budget for the operation and maintenance of the storm water collection system.
- 3. <u>Outsourcing:</u> Through a competitive bid process, the City hired Lowe Engineers to staff the Public Works Department.

Summary Sheet

HOTEL-MOTEL TAX FUND

FY 2009 Budget Request:

\$512,550

Percentage of Budget: 100%

Departmental Budget Description:

The Hotel-Motel Tax, as adopted by Mayor and Council sets a rate of 5% for lodging in the City of Dunwoody. By statute, the City may retain the portion of the tax revenue at the 3% rate for use in the General Fund and must remit the additional 2% of the tax revenue into a dedicated fund for tourism related purposes.

Positions Requested:

None

Expenditure Requests of Interest:

2% Revenue from Hotel/Motel Tax: Staff is recommending that the \$512,550 in revenue generated from the 2% portion of the Hotel/Motel Tax be placed in a Hotel/Motel Tax Fund and reserved for possible future use for tourism related expenditures, as allowed under Georgia law.

Summary Sheet

STREET LIGHT FUND

FY 2009 Budget Request:

\$328,000

Percentage of Budget: 100%

Departmental Budget Description:

The Street Light Fund is a Special Revenue Fund used to capture revenue associated with charges on the property tax bill related to street light power usage. The fund will also be used to capture the expenses paid to Georgia Power for electricity use for street lighting. This is a pass through account and should be zero balance at the end of the Fiscal Year.

Positions Requested:

None
